Spirit of the Wilderness

Weekly News—April 22, 2010

Mentor Notes:

Last Saturday's meeting with Bishop Brian in Duluth underlined how differently he sees the diocese, and how much our vision here at WindCradle fits with the new path the diocese is embarking on.

Diocesan Council is discussing us and our mission-status today (April 22) and it will need to be agreed to by the Board of Trustees. Bp. Brian told me of his and others' enthusiasm for what we're doing here. He's trying to fix a time to come up and see us. It looks like that time might be June 27-28. I'll let you know when I get that in ink, so we can start planning.

In the meanwhile I'm working on getting an old friend who is a phenomenal church musician to come to us for a couple days in June, to work with some of our budding musicians and also with the congregation on our music.

We'll meet after church on Sunday to discuss these and many other upcoming events and ideas....see you then!
