Spirit of the Wilderness

Weekly News—June 10 2010

Mentor Notes:

What makes Spirit of the Wilderness different from other churches?

In a note from Marcia Roepke (the mandolin player who led our music the other week) she had this to say:

"I had such a lovely time at SOTW; it feels like home. I was greeted and welcomed with such puppy-like enthusiasm. It's kind of unfortunate, because I will now expect to be treated like that all the time. It could get exhausting for your congregation.

"And, hello! Do you all know you are the loudest little church in America? It was so much fun - it was perfect."

Pretty wonderful to hear that about us.

That makes me feel even more excited to consider our Welcome Sunday this Week....we do have something wonderful to share and I'm hoping we'll have some new faces there.

Peace,

+Mary Ellen
