Mentor Notes:

Nileki hosted our monthly social gathering at her apartment complex on Wednesday and it was a wonderful time of meeting some who live there and some from Spirit of the Wilderness. We blessed the common space and her apartment: the gathering made me realize how much we at Spirit of the Wilderness have to offer our community. Let's look for more ways to connect!

Help!!

- We need some folks who would like to take communion to those who struggle to get to church on Sunday: would you let me know your interest and I'll give you a brief training to become a Lay Eucharistic Visitor.
- We need a new poster as we change our service time. Who would like to help with that?
- Anyone want to work with me on an All Saints Service that might be meaningful to us and our neighbors?
- Who has an idea for a social gathering for November?
