Spirit of the Wilderness

Weekly News—April 6, 2011

Vicar Notes:

I've gotten to see most of the art pieces submitted for the show—*Biophilia: Sacred Inner and Outer Landscapes*. Many are very thought provoking, especially in conjunction with the statements artists have written about their process and how the North Shore affects their work. I would like to invite those of you who can to be part of hosting this exhibit during the times when we extend hours. And this Sunday's opening should be a great occasion and a chance for us to be visibly present in this community. We need a few people to help with set up and take down this Sunday. Thanks to those who are bringing treats/ refreshments.

Our next chance to be visible in this community will be on Good Friday. Our regular inter-denominational Cross Walk will begin and end at St. John's. The inter-denominational service will be held at Cornerstone, and instead of a sermon, a group of reader/actors drawn from all the churches will perform a section of Dorothy L. Sayers' *Man Born to be King*—about Good Friday. We are blessed to have this group of clergy who care for and support each other and work for the good of this whole community. Good Friday is the time when we gather to celebrate our common commitment to Christ. If you would like to read/act in this, please let me know ASAP; otherwise, come and be present.

I still believe, though, that our greatest "visibility" is through all of our relationships with those we meet at work or as we shop or have coffee.

May Christ bless all these visibility moments!

Peace, Mary Ellen+
